University
KURUKSHETRA , Haryana

- Client : OBCC (Govt of Odisha)
- Project Year : 2023
- Project Type : Medical college and Hospital
- Site : Brahmapur , Odisha
- Area : 170 ACRES
- Stage : Tender Stage

About Project : The Maharaja Krishna Chandra Gajapati (M.K.C.G.) is Teaching hospital with existing bed facility of 1583 Beds .The proposal of is set for phase vise development in which proposal of 450 bedded in phase - I development with new hostels and residential blocks for students and facilities .

Role : Site plan development | Hospital Stack section and floor plans Designing | Sub Blocks designing | Schedule of finishes | DBR Report | Tender documentation for client | Pre Bid Querry resolveing | Cordination with Client .

TATA PROJECTS	RFP	General	NWD Model/ AutoCAD drawings	Please share NWD Model or AutoCAD Drawings with Floor Plans, Finishes Plan, Elevations, Sections, Staircase & Toilet Details, and other Detail Drawings, etc.	Already submitted in tender documents.
TATA PROJECTS	RFP	General	Finishes		FINISHES FOR COLUMN IN PUBLIC AREAS GI METAL CLADDING
TATA PROJECTS	RFP-1.1.6	Scope of Bid , page no 43	Signages	As per RFP, Scope of Work document, Signages are in scope of EPC Contractor's scope. Please share Wayfinding, Fire-safety signs & Signages Layout and design manual for all internal & external signages.	The tender condition will prevail.
TATA PROJECTS	1.1.6	Scope of Bid , page no 43	External Development	As per RFP, Scope of Work document, External Development items are in EPC Contractor's scope. However, landscape layout with material finishes layout is not shared. Please share the relevant details and drawings for the same (Paver Blocks, Heavy-Duty Paver Blocks, Kerbstone, Road-Bituminous or Flexible Road to consider, Any softscape considerations, Boundary Wall details, etc).	FOR DRAWINGS : REFER ANNEXURE 46 , FOR MATERIAL & FINISHES tender condition will prevail .
TATA PROJECTS	1.1.6	Scope of Bid , page no 43	Landscape	Please specify EPC contractor's scope of work in Phase-01 for External Development works. If any specific Horticulture Development, Green areas with shrubs, herbs, grass covers, plantation, hardscape, seating areas, etc. to consider in current scope of work or not. Please share details for the same.	FOR DRAWINGS : REFER ANNEXURE 46 , FOR MATERIAL & FINISHES REFER RFP PAGE NO 1173 &1174 .
TATA PROJECTS	RFP	Scope of Work	Door/ Window	As per RFP, Scope of Work document, Doors (interior and exterior), windows glazing systems including hardware are in scope of EPC Contractor's scope. However, limited details are shared for the same. Please share any preferred specifications and fire rating along with relevant details.	FOR FIRE RATING DETAILS REFER RFP PAGE NO 217 to 219.
TATA PROJECTS	RFP	Scope of Work	Furniture	As per RFP, Scope of Work document, All for FURNITURE DETAILS REFER modular furniture, chairs, carpet, etc. is in scope of EPC Contractor. However, limited details are shared for the same. Please share any preferred typology, size and specifications along with relevant details.	ARCHITECTURAL DBR ATTACHED IN RFP DOCUMENT .
TATA PROJECTS		CSA	Façade	Structural Glazing is indicated for the proposed Hospital Building. Please specify consideration Structural Glazing thickness and detailed specifications (DGU/ SGU, etc.)	DGU GLASS & ITS DETAIL IS ALREADY MENTIONED IN TECHNICAL SPECIFICATION OF TENDER DOCUMENT .
TATA PROJECTS		CSA	Façade Cleaning & Maintenance Systems	Please share considerations for Façade Cleaning & Maintenance systems if any. Else same shall be considered as per industry practice.	The tender condition will prevail.
TATA PROJECTS		General	Finishes	All the FOH/BOH staircases are indicated to have Granite Flooring/Cladding. Do we require such premium finishes in the BOH areas? Can we consider KOTA Stone flooring and cladding for BOH staircases? Please confirm.	CLADDING FINISHES WILL BE ACCORDING TO FINISHES SCHEDULE SUBMITTED IN TENDER DOCUMENT .
TATA PROJECTS		General	Approvals	Please specify approvals in EPC contractor's scope and share details for approvals taken if any.	The tender condition will prevail.
TATA PROJECTS		General	Fire Egress Strategy	Please share fire-egress strategy plan for proposed structures if any. Else, same shall be considered as per standards requirement.	The tender condition will prevail.
TATA PROJECTS		General	Exiting Utility Details	Please share details of existing utility in and around the proposed redevelopment site.	SURVEY PLAN IS ATTACHED IN TENDER DOCUMENT AND FUTHER UNDERSTANDING , Contractor require SITE VISIT .
TATA PROJECTS		General	Façade	Please share detailed façade specifications for all proposed structures.	2D ELEVATION DRAWINGS ARE ATTACHED IN TENDER DOCUMENT OF ALL BLOCKS WITH ITS FINISHES SCHEDULE
TATA PROJECTS		General	Sterilized Rooms/ Corridors	Please share considerations for all sterilized corridors and room requirements.	it is not clear

- Client : CPWD (Central Public Work Department)
- Project Year : 2023
- Project Type : District Hospital
- Site : PADUM, ZANSKAR ,UT OF LADAKH
- Area : 20.36 ACRES
- Stage : Tender Stage

CONSTRUCTION OF COMMUNITY HEALTH CENTRE 02

PADUM, ZANSKAR
UT OF LADAKH

About Project : CHC Padum is a 100-bed district hospital equipped with a variety of medical facilities, including beds for emergency , inpatient beds, and critical care beds. It also features specialized units such Sick Newborn Care Unit (SNCU) and a Maternal and Newborn Care Unit (MNCU). Supporting services encompass a Central Sterile Services Department (CSSD), dietary services, hospital laundry, a Medical Gas Pipeline System (MGPS), biomedical waste (BMW) management, and a drug dispensing area. Additionally, the hospital provides accommodation with six doctor's quarters and twelve staff quarters, along with essential service blocks and maintenance support.

Role : Approval of design from client | Involvement in preliminary estimates | 3D conceptualization |Tender drawings as per EPC Mode 3 | Detailed working drawings | NIT (Notice Inviting Tender) documentation for client

This figure is an architectural floor plan of a building, likely a residential structure, showing the layout of columns, beams, and various rooms across six floors. The plan includes a legend at the bottom identifying different column types:

- GRC U-TYPE COLUMN (HD-400 DEPTH-30)**
- GRC U-TYPE COLUMN (HD-400 DEPTH-30) HT-150**
- GRC B-TYPE COLUMN (HD-400 DEPTH-30)**
- SLS ITR HDK COLUMN TYPE 2 (HD-400 DEPTH-30)**
- SLS ITR HDK COLUMN TYPE 1 (HD-400 DEPTH-30)**
- GRC B-TYPE COLUMN (HD-400 DEPTH-30)**
- GRC B-TYPE COLUMN (HD-400 DEPTH-30)**

The vertical axis on the right indicates floor levels and ground level:

- MULTI TERRACE (LVL -6135)
- TERRACE (LVL +2350)
- FIFTH FLOOR (LVL +7000)
- FOURTH FLOOR (LVL +6750)
- THIRD FLOOR (LVL +12300)
- SECOND FLOOR (LVL +8450)
- FIRST FLOOR (LVL +750)
- GROUND FLOOR (LVL +750)
- INTERNAL (LVL -200)

Key structural features shown include a central staircase, multiple entrance points, and various room configurations across the different floors.

FRONT SIDE ELEVATION

This architectural floor plan illustrates the structural layout of a building across seven floors. The vertical axis represents height, with horizontal dashed lines indicating various levels. The top level is labeled "MUMTY TERRACE LVL +23850". Below it are the "TERRACE LVL +20000", "FIFTH FLOOR LVL +16150", "FOURTH FLOOR LVL +12300", "THIRD FLOOR LVL +8450", "SECOND FLOOR LVL +4600", and the "GROUND FLOOR LVL +00". The bottom-most level shown is at elevation -10425.

The plan features a grid of columns, each marked with a circled letter identifier (T through R) and a circled number identifier (1 through 13). The columns are color-coded: light orange for the outermost bays, medium orange for the inner bays, and yellow for the central core bays. Each column contains a series of rectangular boxes representing structural elements, with values such as ±00, +750, or -10140. A pink dashed line highlights a specific structural element in the central core area.

About Project : The Ministry of Ayush was formed on the 9th of November 2014 with a vision of reviving the profound knowledge of our ancient systems of medicine and ensuring the optimal development and propagation of the Ayush systems of healthcare. Earlier, the Department of Indian System of Medicine and Homoeopathy (ISM&H) formed in 1995, was responsible for the development of these systems. It was then renamed as the Department of Ayurveda, Yoga, and Naturopathy, Unani, Siddha and Homoeopathy (Ayush) in November 2003 with focused attention towards education and research in Ayurveda, Yoga and Naturopathy, Unani, Siddha, and Homoeopathy.
